

Marko Roje  
Software developer

marko.roje@gmail.com ✉  
Split, Croatia 🏠  
Date of birth 07/08/1991 📅  
Croatian 🇩🇪

*Software Engineer dedicated to code quality and best engineering practices.*

---

## Education

- From 2011 to 2015 **Master's Degree** Faculty of Electrical Engineering, Mechanical Engineering and Naval Architecture Split  
Thesis: *DXF file parser*
- From 2006 to 2010 **High school** Technical school for Mechanical Engineering and Mechatronics Split  
Study: *Computer technician for Mechanical Engineering*

---

## Work experience

- Since 2024 **Full-stack developer** Pragmatica d.o.o. Split  
Working on various projects, including web and desktop apps.  
Tech stack: Angular v19+, Electron, AWS, etc.
- From 2020 to 2024 **Software developer** Codeasy Split  
Working as a Senior Developer both on frontend and backend sides on various web based projects.  
Tech stack: Vue.js, Nuxt, Nest, Node.js, Electron, TypeScript
- From 2018 to 2020 **Web developer** Typeqast Split  
Worked as a Senior Frontend Developer on a booking system for airport parkings (Quick Parking).  
Tech stack: Angular v5+, HTML, CSS, TypeScript
- From 2015 to 2018 **Software developer** Loop Split  
Maintaining and feature scaling CMS for a client (CultureConnect, NY) which offers different application types for museum customers and cultural organizations with option of having hybrid app for iOS/Android (Phonegap) as well as offline applications (NW.js).  
Aside of CMS that has integration with Amazon S3 and Wistia for media, features were scaled on modular principle, giving great flexibility.  
Developing interactive image processing effect in browser for client (Birchbox, NY).  
Work was well organized using software development tools like YouTrack, Codeship and Webpack.  
Tech stack: Node.js, MongoDB, JavaScript, AngularJS, three.js, Paper.js

---

## Languages

- Croatian Mother tongue  
English Fluent speaker

---

## Programming languages

JavaScript & TypeScript	Great knowledge (gained through work experience)
HTML & CSS	Solid knowledge (gained through work experience)
C#	Solid knowledge
Go	Basic knowledge
Python	Basic knowledge

---

## Technologies / Frameworks

Node.js	Great knowledge
Electron	Great knowledge
Angular	Great knowledge
Vue.js & Nuxt	Great knowledge
React & Next.js	Solid knowledge
C# & ASP.NET MVC	Solid knowledge
Docker	Basic knowledge
AWS & GCP	Basic knowledge

---

## Interests

Music	Huge music lover and electric guitar player
-------	---

---

## Public presentations

- Microsoft Software StartUp Academy (in Split, Croatia):
- "Introduction to Windows 8 application development"
  - "MVC architecture fundamentals"

---

## Certificates

Microsoft Technology Associate: Software Development  
Exam: Software Development Fundamentals (C#)

---

## Portfolio

Here is my [portfolio website](#), showcasing various personal projects I've worked on.
